## Appendix C: State codes

This appendix provides codes for all state variables. The term "state" refers to states/provinces in Mexico, the United States, and Canada, while referring only to general countries in all other cases. There are five general sections: generic codes; Mexican states; U.S. states; Canadian provinces, and, other (foreign) states.

## I. Generic codes

For all geographical variables, there exist a set of commonly used codes:
